

## The Silentator's mission is simple: to cool - and to do it silently!

Employing 3 high-performance dual heat-pipes, an optimised fin-design and a SWiF-1202 quality fan, the Silentator achieves first-class cooling performance at a minimum noise of only 14dB(A)!

For the Silentator, Coolink could build on the basis of Noctua's much acclaimed Ultra-Low-Noise coolers, which are manufactured in Coolink's factories and earned more than 100 recommendations and awards from international websites and magazines.

The Silentator also employs their professional SecuFirm™ mounting system. Thanks to the use of 3 high-performance Dual-Heatpipes, the performance-optimized design of the cooling fins and a SWiF-1202 quality fan, the Silentator achieves outstanding cooling performance.

At the same time, the noise emission of the SWiF-1202 can be reduced to a mere 14dB(A) using the supplied PCI-bracket fan controller. As a result, the Silentator is suited not only for harsh overclocking, but also for real Silent-PCs!

### SPECIFICATION

|                            |  |
|----------------------------|--|
| Product                    | Silentator (CPU-Cooler)  |
| Material                   | Copper (base and heat-pipes),<br>aluminium (cooling fins), soldered joints |
| Size incl. Fan             | 153 x 126 x 85 mm  |
| Weight                     | 640 g  |
| Fan Size                   | 120x120x25mm /120x120x38mm   |
| Fan                        | Coolink SWiF-1202<br>(2 fans can be mounted!)                              |
| Bearing Type               | Double ball bearing  |
| Rotational Speed (+/- 10%) | 900- 1600 RPM  |
| Airflow                    | 54-90 m <sup>3</sup> /h  |
| Acoustical Noise           | 14-24 dB(A)  |
| Socket Compatibility       | LGA / AM2 / K8 (754, 939, 940)   |

### PACKAGING INFORMATION

|                   |   |
|-------------------|---|
| Scope of Delivery | Heatsink, SWiF-1202 fan,<br>mounting hardware, fan controller,<br>thermal paste |
| Warranty          | 36 months   |
| Packaging Type    | Retail  |
| Packaging Size    | 335 x 295 x 40 mm   |
| Total Weight      | 0.95 kg   |
| Pcs/Colli         | 12  |
| MSRP/Pc           | ⌈39.90  |
| EAN Code          | 4716123312628   |

- 3 high-performance Dual-Heat-Pipes
- 37 Aluminium-Fins with a surface area of more than 3500cm<sup>2</sup>
- Soldered joints for optimal heat-transfer
- Original SWiF-1202 quality fan with high precision double ball bearing
- Adjustable between 14 and 24dB(A)
- Tool-free fan-mount including anti-vibration strips
- Original SecuFirm™ mounting system\*
- Can be turned by 90° for optimal positioning and compatibility

Coolink is a brand of the Kolink International Corporation and stands for an effective conjunction of no-frills performance, excellent quality and attractive pricing.
